Dermal Loc (Poly Units)

INSTRUCTIONS

- Apply a thin coat of adhesive to the polyurethane-base. While this coat is curing, apply 4-5 thin coats of adhesive to the client's scalp, making sure that each application of adhesive cures (turns clear) before applying the next coat.
- As soon as the adhesive cures (turns clear), attach the unit.

Excessive perspiring will affect the bond. Your client should be advised to refrain from all strenuous activities for 36 hours.
